572 BBC Roots

900 HP with 900 TQ. There is not much that can touch the throttle response of roots supercharged monster. These motors have explosive power with old school sound. Sorry - you may have to modify your hood. The 572 has power everywhere in the curve. 600 ft lbs of torque at idle. Get into the high 8 seconds in the quarter miles with a 3,000+ lbs car.

Complete assembly is fully balanced and blueprinted to our specifications. The motor is then broken in on the engine dyno and tuned for maximum power.

HOT ROD SERIES

-----\$25,000
